MENT CLAUSE OF KENTUCKY)	CASE NO. 9733-B
UTILITIES COMPANY)	
FROM MAY 1, 1987, TO)	
OCTOBER 31, 1987)	

INTERIM ORDER

Pursuant to 807 KAR 5:056, Section 1 (11), the Public Service Commission ("Commission") on November 23, 1987, ordered Kentucky Utilities Company ("KU") to provide a record of scheduled, actual and forced outages.

KU provided the data requested and also filed its monthly fuel adjustment computations for the 6-month period under review. A hearing was held on February 11, 1988.

The sole intervenor in this case was the Utility and Rate Intervention Division of the Attorney General's Office ("AG"). The AG did not offer testimony and did not challenge the level of actual fuel cost included in KU's monthly fuel filings.

In its Order issued on April 28, 1987, in Case No. 9733, "An Examination by the Public Service Commission of the Application of the Fuel Adjustment Clause of Kentucky Utilities Company from

November 1, 1984, to October 31, 1986," the Commission fixed KU's base fuel cost at 18.91 mills per KWH. A review of KU's monthly fuel clause filings shows that the actual fuel cost incurred for the 6-month period under review ranged from a low of 15.25 mills in October 1987 to a high of 16.96 mills in June 1987, with a 6-month average of 16.11 mills.

The Commission has initiated Case No. 9631, "An Investigation into the Fuel Procurement Practices of Kentucky Utilities Company." Pending resolution of that case, the findings with respect to KU's fuel procurement which would ordinarily be made at this time will be held in abeyance.

The Commission, having considered the evidence of record and being advised, is of the opinion and finds that:

(1) KU has complied with 807 KAR 5:056 regarding the calculation and application of its fuel adjustment clause.

(2) No findings are made at this time with respect to the propriety of KU's fuel procurement practices and this matter should be held in abeyance until the Commission has concluded its review.

IT IS THEREFORE ORDERED that this docket shall remain open until the Commission has concluded its investigation of KU's fuel procurement practices.

Done at Frankfort, Kentucky, this 17th day of March, 1988.
